

THE ULTIMATE IN POOL WATER CLARITY

FULFLO DE CARTRIDGE FILTERS

Fulflo DE filters are the most effective form of domestic pool filtration available, guaranteeing the ultimate in pool water clarity.

- Filters down to 2 microns (0.002mm)
- Engineered for strength and durability
- Split housing for easy maintenance

WATERCO
water, the liquid of life

Built to endure the rigours and pressures of the outdoor environment, Fulflo DE filter housings are made from specially engineered polymers that have been tested for durability and strength.

The heart of the Fulflo DE filter is the septum, comprising 10 polypropylene covered grids. These grids are spaced far enough apart to prevent the Aquaperl from clogging while still allowing backwashing to be 100% effective.
